EIBASS Request for Additional Time

In light of the Commission's November 29, 2012, Order extending the comment deadline for the General Docket 12-268 "Incentive Auctions" rulemaking from December 21, 2012, to January 25, 2012, Engineers for the Integrity of Broadcast Auxiliary Services Spectrum (EIBASS) requests that the comment deadline for the WT Dockets 08-166/08-167 wireless microphone "refresh the record" comments also be extended to that date.

The WT 08-166/08-167 refresh the record comment deadline was originally November 21, 2012, but on November 16 the Commission issued an Order extending the deadline to December 21, 2012, so as to synchronize the comment deadline with the Incentive Auctions deadline. Now that the Incentive Auctions comment deadline has been extended, it would make sense to also extend the Wireless Microphones comment deadline, so as to keep those two deadlines synchronized.

Respectfully submitted,
